

Marathon Petroleum Corporation

It's that time of year! Marathon Petroleum Corporation (MPC) is once again partnering with Ohio Northern University (ONU) to sponsor the Engineering Explorers program. Meetings will be held once a month throughout the 2021-2022 school year and consist of hands-on activities and other opportunities depending on health safety guidelines. All high school students in the area as well as sons and daughters of MPC employees are welcome to participate. Feel free to pass this information along to anyone else who you think might be interested!

Students may register for the 2021-2022 Engineering Explorers program at the kickoff meeting on **Sept. 30**. The cost to participate in this year's program is \$72. Checks can be made out to Black Swamp Area Council. Cash is also accepted. Details regarding each month's event will be sent out to everyone on the distribution list; please contact Michael Estes (mpestes@marathonpetroleum.com) if you would like to be added to the list or with questions regarding the programs, registration requirements, or volunteer opportunities.

This year's kickoff meeting will be held on September 30th from 4-6 p.m. at the MPC's Findlay Campus Green Space (Corner of 539 South Main Street, Findlay OH and East Hardin Street). In case of inclement weather please report to the main lobby for direction. Please RSVP to Karen Adkins (karenladkins@marathonpetroleum.com) if you plan to attend. Parents are also encouraged to attend and learn what the Engineering Explorers program is all about. Fill out the enclosed youth application, and applicants under 18 years old must have a parent signature.

We hope to see you there!

Sincerely,

Michael Estes
